Laser247 Site New Update: Step-by-Step Guide for Self-Deposit and Withdrawal

Greetings to all **Laser247** users! I am excited to share the latest update on our site, focusing on the self-deposit and withdrawal process. This article will walk you through the steps for depositing and withdrawing funds on the **Laser247** platform. Whether you are a Shyam Online ID user or a Mahadev Online ID user, this guide will help you navigate the new features seamlessly.

Stay tuned for a hassle-free self-deposit and withdrawal experience on the Laser247 platform.

Self-Deposit Process

Step 1: Accessing the Deposit Section

1. Log in to your Laser247 account.
2. Navigate to the Deposit section by clicking on the 'Deposit' option.

Step 2: Providing Account Details

1. Upon clicking 'Deposit,' you'll find various account details, including UPI scanner options.
2. Copy the account number you wish to deposit into.

Step 3: Initiating Payment

1. Choose the 'PhonePe' payment method.
2. Proceed to the PhonePe app and search for 'To Bank Account.'
3. Add your bank account, searching for 'Kotak' as Laser247 provides Kotak accounts.
4. Paste the copied account number and proceed.
5. Enter the IFSC code provided by Laser247.
6. Click 'Next' and enter the desired amount.

Step 4: Confirming Payment

1. Enter your PIN for payment confirmation.
2. Upon successful payment, copy the UTR (Unique Transaction Reference) number.
3. Take a screenshot of the payment confirmation.

Step 5: Verifying Deposit

1. Return to the Laser247 site.
2. Check your UTR in the 'Deposit Status' section.
3. After 10 minutes, the pending status will change to approved.

FAQs: Self-Deposit

Q1: How long does it take for a deposit to be approved?
A: Typically, it takes around 10 minutes for the deposit to be approved.

Q2: Can I use other payment methods besides PhonePe?
A: Laser247 currently supports PhonePe for self-deposit.

Withdrawal Process

Step 1: Accessing Withdrawal Section

1. Click on the 'Withdrawal' option on the Laser247 site.

Step 2: Providing Account Details

1. Select 'Bank Account' as the withdrawal type.
2. Enter your bank account details.

Step 3: Initiating Withdrawal

1. Paste the copied account number.
2. Enter the IFSC code.
3. Enter the amount for withdrawal.

Step 4: Confirming Withdrawal

1. Save the transaction ID for reference.
2. Check the withdrawal status in the 'Withdrawal Status' section.

FAQs: Withdrawal

Q1: How long does it take for a withdrawal to be processed?
A: Withdrawals usually take some time, and the status can be monitored in the 'Withdrawal Status' section.

Q2: What to do if my withdrawal is pending?
A: If your withdrawal is pending, wait for approval. If issues persist, contact the customer support team for assistance.

Contacting Customer Support
If you encounter any issues with your self-deposit or withdrawal, feel free to reach out to our customer support team through the chat feature. Our dedicated team will assist you in resolving any queries or concerns.

Conclusion

Laser247 strives to provide a user-friendly experience for self-deposit and withdrawal processes. Follow the outlined steps, and you'll navigate the new site features effortlessly. Happy trading!

Key Takeaway: **Laser247** ensures a seamless experience for users with its enhanced self-deposit and withdrawal features. Explore the updated site for a smoother transaction journey.
